Associate Game Developer 2023 - Now
Emergio Games | 2023 - Present

Emergio Games Pvt. Ltd. is a gaming company located in Kochi, Kerala. They specialize in developing and producing various types of games. The company is known for its creative approach to game design and has a growing portfolio of games. Emergio Games is part of the vibrant gaming industry in India, contributing to the region's reputation as a hub for innovative game development.

Projects

Golden-Grove

Golden-Grove: A platformer forest pixel art game. Gameplay tasks are primarily to collect gold and look for keys in order to open treasure. The game takes the player through a series of levels with obstacles and enemies to overcome. The game features a retro feel with some straight-up old school pixel art. Discover hidden Gems in Golden-Grove.

Prison Breakout

Prison Breakout is an isometric game where players navigate a high-security prison. The main objective is to find keys, unlock cells, and avoid guards. Players must use strategy and stealth to progress through levels. The ultimate goal is to successfully escape the prison.
